**Toronto, Canada, January 19, 2015** – At Home Organic Farms of the Greater Toronto Area has been awarded “Best of Houzz” for Customer Satisfaction by [Houzz](#), the leading platform for home remodeling and design. The family owned and operated gardening company was chosen by the more than 25 million monthly unique users that comprise the Houzz community from among more than 500,000 active home building, remodeling and design industry professionals.

The Best of Houzz award is given in two categories: Design and Customer Satisfaction. Customer Satisfaction honors are determined by a variety of factors, including the number and quality of client reviews a professional received in 2014. Winners will receive a “Best of Houzz 2015” badge on their profiles, helping Houzz users around the world who discover and love a professional’s work to learn even more about that business’ popularity and satisfaction rating among their peers in the Houzz community.

“We are so proud of this award and the recognition from our incredible member farmers and the Houzz community. We often joke that our unofficial tag line is “We service the @!&% out of our clients,” and so this award means so much to us,” says Derek Ratcliffe, Owner, At Home Organic Farms. “Our goal is to build a meaningful relationship with every one of our clients, and help them enjoy the many benefits associated with growing and consuming healthy vegetables.”

“Houzz provides homeowners with a 360 degree view of home building, remodeling and design industry professionals, empowering them to engage the right people and products for their project,” said Liza Hausman, vice president of industry marketing for Houzz. “We’re delighted to recognize At Home Organic Farms among our “Best Of” professionals as judged by our community of homeowners and design enthusiasts who are actively remodeling and decorating their homes.”
